Cuvânt înainte

Dicţionarul român-englez de expresii şi locuţiuni se adresează tuturor celor care doresc să atingă un nivel avansat de cunoaştere a vocabularului limbii engleze. Din acest motiv am inclus în volum atât locuţiuni propriu-zise, cât şi combinaţii de cuvinte care nu au statut de expresii fixe, dar care ajută la înţelegerea altor sintagme similare. De asemenea, am încercat să acoperim o varietate de domenii, precum şi diversele registre ale limbilor română şi engleză.

Cuvintele-titlu sunt transcrise în bold italic [ex.: ***dormi***]. În cazul în care există mai multe expresii formate cu acelaşi termen, acesta apare doar la prima ocurenţă, în următoarele fiind înlocuit prin tildă [ex.: ***bate*** **apa în piuă**; ~ **ca la fasole**]. Între paranteze se specifică registrul [ex.: (*arg.*) piss people off], domeniul [ex: (*com.*) joint-stock company] şi varianta limbii engleze căreia îi aparţine o anumită formulare, acolo unde este cazul [ex.: (*canad.*, *amer.*) ride someone out of town]. Dacă în cadrul unei expresii există un element variabil, acesta este înlocuit cu puncte de suspensie [ex.: **avea la dispoziţie** ... **ore**].
